

COMP1950 :: HOMEWORK 06

OBJECTIVE Use The jQuery Framework and Plugins

REQUIREMENTS You may reuse one of your previous COMP1950 homework layouts for this page.

Search online for at least two jQuery plugins that you find useful, and that we did not cover in class. Learn how to use them, and demonstrate each on your homework 6 page. Show attempts to alter the style or behavior of the plugin to suit your design (change the color, sizes, speed of animation, etc)

Include the following:

- A text description of each plugin
- For each plugin provide a list of any styles/behaviors you have customized
- Include links to the sites where you found the plugins and, if different, links to the pages that helped you understand how to use them

Ensure your COMP1950 hub page navigation 'jQuery' option is linked to this homework.

SUBMISSION **Assigned:** Session 7

Due: 11:59pm the night before Session 8
